jogo pra imprimir

Jogo da Memória de Natal

18 pares de desenhos fofos pra recortar e colorir

@Cardeno_Amarelo

Como montar e jogar

1. Imprime as páginas de cartas (de preferência em papel mais grosso, tipo 180 g).
2. Se quiser, colore cada par igualzinho (as duas cartas do mesmo jeito!).
3. Imprime a página de verso atrás de cada folha, ou cola as folhas numa cartolina.
4. Recorta na linha tracejada.
5. Embaralha as 36 cartas viradas pra baixo. Cada um vira duas por vez: achou o par, fica com ele e joga de novo.
6. Ganha quem juntar mais pares no final.
